Amazon.com Review

An Amazon Best Book of the Month, July 2014: What is it about Liane Moriarty's books that makes them so irresistible? They're just classic "domestic" novels about marriage, motherhood, and modern upper-middle-class family life, after all. And despite the fact that Big Little Lies is Moriarty's sixth adult novel (and it comes decades after the grandmother of this kind of thing, Bridget Jones' Diary), it is remarkably new and fresh and winning Set in an Australian suburb, Big Little Lies focuses on three women, all of whom have children at the same preschool. One is a great beauty married to a fabulously rich businessman; they have a "perfect" set of twins. One is the can-do mom who can put together a mean pre-school art project but can't prevent her teenage daughter from preferring her divorced dad. The third is a withdrawn, single mother who doesn't quite fit in. Right from the start--thanks to a modern "Greek chorus" that narrates the action--we know that someone is going to end up dead. The questions are who and how. Miraculously, Moriarty keeps this high concept plot aloft, largely because she infuses it with such wit and heart. She also knows not to overplay the message she's sending: that we all tell lies--to each other and, more importantly, to ourselves. -- Sara Nelson

Review

Praise for Big Little Lies

"Ms. Moriarty's long-parched fans have something new to dig into...in ways that may give Big Little Lies even more staying power than The Husband's Secret."—The New York Times

"Funny and thrilling, page-turning but with emotional depth, Big Little Lies is a terrific follow-up to The Husband's Secret."—Booklist (starred review)

"Big Little Lies tolls a warning bell about the big little lies we tell in order to survive. It takes a powerful stand against domestic violence even as it makes us laugh at the adults whose silly costume party seems more reminiscent of a middle-school dance."—The Washington Post

"Moriarty demonstrates an excellent talent for exposing the dark, seedy side of the otherwise "perfect" family unit...Highly recommended."—Library Journal (starred review)

“Irresistible...Exposing the fault lines in what looks like perfection is a specialty of Liane Moriarty... Moriarty’s sly humor and razor-sharp insights will keep you turning the pages to find out.”—People Magazine

"The secrets burrowed in this seemingly placid small town...are so suburban noir they would make David Lynch clap with glee...[Moriarty] is a fantastically nimble writer, so sure-footed that the book leaps between dark and light seamlessly; even the big reveal in the final pages feels earned and genuinely shocking.”—Entertainment Weekly

“A novel that will turn you into a compulsive book-finisher...Moriarty has produced another gripping, satirical hit.”—Huffington Post

“If you're looking for a novel that will turn you into a compulsive book-finisher look no further. Moriarty has produced another gripping, satirical hit.... It’s can’t-put-downability comes from its darker subplots... A book that will make you appreciate the long days of summer.”—Oprah.com

"Reading one [of Liane Moriarty's novels] is a bit like drinking a pink cosmo laced with arsenic...a fun, engaging and sometimes disturbing read...Moriarty is back in fine form."—USA Today

“A juicy drama.”—People Stylewatch

“Not your average mommy novel. It’s a juicy, twisted murder mystery replete with themes of marital abuse and self-denial...The perfect mindless beach read.”—Purewow.com

“Suburbia is about to get a lot more scandalous.”—Closer Weekly

"The Aussie author of last year’s runaway hit *The Husband’s Secret* comes back with another winning and wise novel that intertwines the lives of three women."—EW.com

"It’s no mystery why Liane Moriarty is a summer staple: with wit and compassion...[she] keeps it real."—Family Circle

“Riveting and insightful...Moriarty has crafted a great summer read full of perceptive glimpses into the many guises of human relationships: mother-child, husband-wife (and ex-wife) and above all, the strong bond of female friendships.”—Bookpage

"Deservedly popular Moriarty invigorates ... women’s fiction through wit, good humor, sharp insight into human nature and addictive storytelling."—Kirkus Reviews (starred review)

From the Hardcover edition.

It will certainly not bother you to reduce your important time to go with buying book in store. By doing this, you will also spend money to spend for transport as well as various other time spent.

BIG LITTLE LIES BY LIANE MORIARTY PDF

The #1 New York Times bestseller that Entertainment Weekly called “a surefire hit.”

Soon to be a major HBO® series starring Nicole Kidman and Reese Witherspoon!

Sometimes it's the little lies that turn out to be the most lethal...

A murder...a tragic accident...or just parents behaving badly?

What's indisputable is that someone is dead. But who did what?

Big Little Lies follows three women, each at a crossroads:

Madeline is a force to be reckoned with. She's funny and biting, passionate, she remembers everything and forgives no one. Her ex-husband and his yogi new wife have moved into her beloved beachside community, and their daughter is in the same kindergarten class as Madeline's youngest (how is this possible?). And to top it all off, Madeline's teenage daughter seems to be choosing Madeline's ex-husband over her. (How. Is. This. Possible?).

Celeste is the kind of beautiful woman who makes the world stop and stare. While she may seem a bit flustered at times, who wouldn't be, with those rambunctious twin boys? Now that the boys are starting school, Celeste and her husband look set to become the king and queen of the school parent body. But royalty often comes at a price, and Celeste is grappling with how much more she is willing to pay.

New to town, single mom Jane is so young that another mother mistakes her for the nanny. Jane is sad beyond her years and harbors secret doubts about her son. But why? While Madeline and Celeste soon take Jane under their wing, none of them realizes how the arrival of Jane and her inscrutable little boy will affect them all.

Big Little Lies is a brilliant take on ex-husbands and second wives, mothers and daughters, schoolyard scandal, and the dangerous little lies we tell ourselves just to survive.

"Oh calamity" the book of the summer

By Nitty's Mom

The *Hypnotist's Love Story* was good, the *Husband's Secret* was better, but *Big Little Lies* is the best. I was captivated from the first page, as I waited to figure out the mystery as to what was going to happen to these amazing characters on Trivia Night. The book is told by multiple voices, particularly Madeline, Celeste and Jane, each one had a distinct voice and a point of view that felt familiar, yet in this author's competent hands totally unique.

Madeline Martha Mackenzie is a 40 year old throw-back to the screw ball comedies. She has the mouth, the wardrobe and her heart is in the right place when not suffering from her monthly PMS. She lives in the same town with her ex-husband, Nathan and his yoga chanting, euphorically perfect second wife, Bonnie. Nathan left Madeline and their newborn infant 14 years ago, and while Madeline has re-married a wonderful man and has two children with him, it still hurts that their 14 year old daughter now wants to live with her ex and his wife.

It would seem that Celeste has it all. She is a beautiful woman, married to a very wealthy man, Perry, and has two adorable twin boys attending Pirriwee Public School. What looks to be a perfect relationship to others, can become toxic when the couple is behind closed doors. This is a fact that is finally becoming glaringly clear, even to Celeste.

Jane is a single mother raising her five year old boy, Ziggy, with the help of her mother and father, who live near by. She has just moved to the Pirriwee Peninsula, after taking leases in different apartments across Sydney, hoping to finally find a "life that worked". Once an outgoing career oriented 19 year old, she bears the scars of a disastrous sexual encounter.

As serendipitously as it was meant to happen, on her way to kindergarten orientation, Jane stops to help a slightly injured Madeline after a fender bender. Having their children in the same kindergarten class is the impetus that brings Celeste, Madeline and Jane together. While all three woman are experiencing troubles, some certainly more serious than the others, they are drawn together and stick together. Jane has a real support system from her new friends, when Ziggy is accused of bullying a female kindergarten classmate of a high powered attorney. When a petition is circulated to try and have Ziggy suspended from the school, it divides the parents of Pirriwee Public school into two factions.

This is chick literature with a sting, that is both funny, intelligent and ultimately moving. There is simply so much to recommended about this book, written by an author who has proven herself incapable of creating a one dimensional character or a boring plot. The characterizations are perfect, the Australian setting idyllic, the pacing perfect as there is not one unnecessary page, the character's interconnections realistic and touching.. The story is full of clever dialogue and laugh out loud moments, while never losing sight that the subject matter is at times complex. I have to admit I did not like the ending of *The Husband's Wife*, this time all the subplots converge at the right time and place, giving the narration a most satisfying ending. *Big Little Lies* is filled with sharp observations about domestic abuse, bullying, second marriages, self-esteem, parenting, friendship and second chances. "Oh calamity" what an enjoyable book. Very Highly Recommended.

"Never forgive. Never forget. That's my motto."

By E. Bukowsky

Liane Moriarty's latest work of seriocomic fiction, "*Big Little Lies*," focuses on the conflicts, secrets, and betrayals that poison relationships between husbands and wives, parents and children, and friends and neighbors. The novel is set in Australia and centers around a tragedy that occurred during a trivia night in the local elementary school. The suspense arises from the fact that, at first, we do not know exactly what happened. Via flashbacks, witness statements, and inflammatory bits of gossip, a picture emerges of a town divided into haves and have-nots.

The author cleverly satirizes working mothers who boast about their ability to juggle their careers and home lives, and also pokes fun at affluent moms who lord it over their "inferiors." There are several standouts among the large cast: Forty-year old Madeline Mackenzie is good-hearted and outspoken when she perceives any sort of injustice. Two other women tug at our heartstrings: Twenty-four year old Jane Chapman is a single mum, whose five-year-old boy, Ziggy, is accused of bullying. The gorgeous Celeste White is married to a rich and handsome man, but her chums do not realize that her personal life is far from idyllic.

As Moriarty digs beneath the surface of each individual's façade, she demonstrates that what appear to be harmless lies can inflict a great deal of damage, especially when the falsehoods conceal ugly truths. So much grief might be avoided if people would be more honest with themselves and others. Along with her

exploration of timely themes, Moriarty entertains us with sparkling dialogue, sharp humor, and a gripping mystery. "Big Little Lies" is a page-turner that will undoubtedly attract a large and appreciative audience.

Engrossing, Smart, & Topical Mystery

By E. Griffin

At first, Big Little Lies gently engages the reader's interest only to suddenly evolve into a captivating story, holding the reader's attention until the end.

Pirriwee Public is, in many ways, its own little world. The children are well cared for, their academic progress and creativity encouraged to flourish. The parents are mostly middle class, albeit across the income spectrum, and highly engaged in their children's lives--in fact, sometimes too engaged, hovering over their children and becoming involved in every perceived slight or risk.

A young single mom, Jane, moves to town, enrolling her young son at Pirriwee Public, and gets off to a bad start when one of the influential mothers mistakes Jane for a nanny. However Madeline, one of the more irreverent and confident mothers, strikes up a friendship with Jane. Soon, Madeline introduces Jane around time, and Jane is even included in a friendship with Celeste, whose twin sons attend Pirriwee Public.

When Jane's son is accused of bullying before school even formally begins, schisms and battle lines rapidly appear between the mothers that rule the school, the new mom and her friends, and other parents. The story raises questions about how involved parents should be in the school lives of their children, and the fine line between ensuring your child is safe and helping them become independent and able to face adversity.

Big Little Lies unfolds from the perspective of each of the three primary characters, exploring their personal thoughts and lives as well as their child's school lives. Through a series of questions excerpted from police interviews and included in each chapter, the reader knows from almost the beginning that a tragedy has occurred to one of the parents. Which parent, and how the tragedy occurs, isn't clear until a stunning development at nearly the end of the book.

Having read The Husband's Secret, I was eager to read Big Little Lies. Although I enjoyed The Husband's Secret, I didn't think it lived up to all of its stellar reviews. Big Little Lies, however, is a better book that will have wide appeal not only to fans of Liane Moriarty, but readers of women's fiction, mysteries, and almost anyone that wants to lose themselves in an engrossing story for an afternoon.
