Bonaire

By C.R.

I did like the book. I thought it had a lot of good info. especially about the beaches and restaurants. It also had good info. on things such as hospital and police numbers and adresses. They described Bonaires history, polotics, and laws ( such as you can't remove anything alive or dead from the water! ). Another thing I learned was that Bonaire actually has mare cacti then palm trees and always staves within 4 degrees of 82! Bonaire definitely sounds like an interesting and exciting place!

good info for new visitors.

By C. B. Smith

Thought this was a new book, but some of the information is a year or two old and no longer relevant. Good

information for the newcomer, but not much for the returning faithful to this beautiful divers island.
