Absolutely ridiculous!!

By gsecrets

If I had known there was another book in this series I would have never read it. Each Of the books are actually chapters and for the life of me I do not understand the purpose. Quantity is not more important than quality and some of the content is just disgusting. What woman goes into a public bathroom and allows one to release himself in her mouth. Cullen was a horrible person although the the author never got to the dark side of his personality, even after seven books, no chapters! REALLY, THESE CHAPTERS DO NOT DESERVE ANY STARS BUT I COULD NOT SUBMIT WITHOUT GIVING IT SOMETHING.

I'm holding out hope....

I will admit that I like the mystery but I can't keep up. I read too much to remember all of these bits and pieces. I really don't like BDSM and I'm finding it hard to like either one of these characters. Ivy showed a hint of backbone for a brief second and then gave in again. I will hold out for one more to see if she will grow a spine and stand up for herself because right now she is pathetic. I can't stand a weak woman and she had turned stupid and weak. He is mean and hopefully will start showing something endearing about himself or I am done with this.

Wowza! Commit is the seventh book in Kelly FAVOR's riveting new serial, The Billionaire's Rules and it totally rocks! This is my very first time reading FAVOR's work but I must say, I am impressed with what I've read so far. This is a serial folks so there will be multiple installments and dare I say it, cliffhangers. Yikes! Each installment is relatively short which makes them perfect for a quick break or lunchtime read. The journey begins with Ivy Spellman, a recent college graduate who has been hired as a data entry temp by Biomatrix Pharma, one of the largest and most prestigious drug companies in Boston. Out of her group, she has been singled out by the handsome CEO of the company, Cullen Sharpe who has for no apparent reason chosen her to bring him his coffee. Ivy had always been the shy, quiet, mousy student who always sat in front, kept her head down, took meticulous notes and got good grades. She has just recently finished school and has no real job experience other than working as a part time grocery clerk so this is her first real job. She has no idea why Mr. Sharpe has taken an unusual interest in her but she only hopes that it doesn't lead to her termination. It certainly couldn't be because of her good looks because she would never be beautiful enough to attract the attention of someone like handsome, wealthy Cullen Sharpe. Even her manager, Emma Marks, seems to immediately dislike her. What the heck? After Ivy spills a cup of scalding hot coffee in Mr Sharpe's lap, she is called to his office to discuss her failure of his assigned task and to Ivy's surprise, he offers her tutelage in the form of.....discipline. What? Mr Sharpe presents Ivy with a choice but what will she decide??? She decides to leave his office but immediately regrets her decision. Ivy's indecision and inexperience torment her as she tries to resume her work. She is invited to a nearby bar for a drink after work with Lucas and several other coworkers. There is an altercation at the bar involving a very tipsy Ivy and a group of very obnoxious male patrons. The only friend she seems to have among her co-workers is Lucas who unsuccessfully tries to rescue her from their unwelcome advances. But just who arrives in time to come to Ivy's rescue? Why, handsome, hunky Cullen Sharpe, of course! Apparently, the mysterious Mr. Sharpe is very attracted to lovely, young, inexperienced Ivy and wants to do more than just discipline her at work. He spirits her away to his apartment where he rejects her after learning she is a virgin. What the heck? Ivy leaves and is more determined than ever to stay away from the fickle Mr Sharpe but can he stay away from Ivy? Apparently not! He insists that she attend a company luncheon at a nearby venue where she quite literally bumps into Xavier Montrose, President of Vellum Pharmaceuticals, a direct competitor of her boss' company, Biomatrix. And Xavier asks her for a date! Oh my! Cullen Sharpe witnesses the exchange and is literally livid. Oh my glory! Cullen Sharpe may not want her but apparently he doesn't want anyone else to have Ivy either? What is wrong with that man? What will Ivy do? Will she defy her Boss, otherwise known as Sir as he's asked to be called, and accept a date with Xavier? I think not, at least not yet. Cullen Sharpe doesn't give her a chance. It looks as if the enigmatic Mr Sharpe can't stay away from Ivy and this time, he does the deed. That's right, Ivy is no longer a virgin! She spends the night with Cullen but when morning comes, he's back to his same old cruel, arrogant self telling her that she should stay away from her. What is this guy's problem? But when Xavier is waiting outside the Biomatrix building for Ivy the next day and

whisks her away for lunch, Cullen is absolutely livid. He marches into the restaurant and demands that Ivy leave immediately. And now, he showing up at Ivy's apartment in the middle of the night - uninvited! Oh my glory! Poor Ivy will soon be suffering from whiplash as a result of Cullen's mood swings and his off and on again behavior. He wants her, he doesn't want her, he wants her! But she can't turn him away! She's already in too deep! And I do mean emotionally and legally! OMG! Why is Xavier Montrose so interested in Ivy and just what is he up to??? Is the email he sent Ivy real and why did he send it? Hmmmm..... And what exactly was Lucas doing in Emma Mark's office at her computer and why is he watching Ivy so closely??? After Ivy finally confronts Lucas for reading her email, Lucas delivers an unbelievable confession and a terrifying ultimatum to Ivey but is Lucas Hogan truly a FBI special agent and if so, why is he investigating Cullen Sharpe? Could there be a little corporate espionage happening at Biomatrix or murder? The truths, lies, consequences and threats are slowly taking an emotional and physical toll on Ivy. Ivy is threatened after someone sends her pictures of she and Cullen making love. The turmoil is too great and Ivy collapses while with Cullen. He takes her to his home to care for her but will Ivy finally reveal the truth to Cullen? Ivy may be in danger and Cullen claims he has a way to protect her from everything. Can Cullen truly protect her? And what will Ivy decide? I wonder??? Truths are told! Secrets are revealed! Lies are exposed! Oh My! But did Cullen reveal everything??? I think not! No spoilers from me but I will say this..... Super sexy dominant boss who may have control issues and-check! Handsome charismatic competitor who seeks revenge-check! Beautiful, shy virgin who discovers that she loves to submit-check! Office politics, drama, secrets, domination, consequences, punishment, blackmail, possible corporate espionage, a claimed FBI investigation and maybe even murder-check! A private jet and a quick but very eventful trip to Vegas-check! Heated attraction, sexy seduction, fiery passion, steamy sex and agonizing angst-you bet! Oh my God! This story just gets better and better! The story is smart, exciting, fast-paced, suspenseful, compelling, arousing and seductive. The dialogue is smart, well written and flows effortlessly. The characters are intriguing, captivating, engaging and sexy. Seriously sexy and definitely entertaining! OMG! This just gets better and better!!! I can hardly wait for the next installment!
