Amazing

Wow. First book is awesome. Second book even better. Some parts you wanted to smack the characters and others were heartbreaking. I loved this book and cannot wait for the third.

Better than the first book

By Amazon Customer

Once again the beginning of this book was a tad shaky as it began slightly different from how the first happened but it recovers itself shortly into the book. The story then snowballs and sucks you in. Definitely love the characters and the romance. The action is very graphic.

CAPTIVATING STORY

By Amazon Customer

This book makes you wanting more! It has everything i want in a good book--excitement, adventure and definitely **SEXY ROMANCE!!** Just to let you know this series has nothing to do with demons (as in hell). There is a lot of blood so if you are the queasy type don't read. I am hooked on this series. I have read all 3 and am hoping for more.
