Exciting must read!!

By Amazon Customer

I just have to say that this is an awesome trilogy (which I hope is not ending with book 3)! It is worth a whole lot more than the \$7.99 list price! This is a must read with each book better than the one before. You will not be sorry! PS-Didn't realize that this was a YA series when I began reading. I am well over the age of being considered a young adult and found that the story carries over well for any age. Happy Reading!!

Awesome Trilogy

By Amazon Customer

What a great and entertaining story. The story was exciting and fun. I can add this to books I want to be movies or even a Tv series. The characters were well developed and especially Russ and Nadia had depth and integrity. I liked how all the characters worked together using their strengths and special powers to save the day. The story ended well enough, but I would have liked to hear more of the gang's adventures. Maybe a forth book someday? How about it? Karen?

Fun series

I read the first book in this series to see if it was appropriate for my young teen and ended up enjoying it so much that I read the other two as well! Fun characters, and engaging. I would recommend it to all.
