Well worth the Money

By LadyAyakoTami

One of my favourite books in my Final Fantasy Collection is his Reunion Files Artbook. I was actually thinking it would be a book of official art like my "Angel's Sanctuary" Artbook. But it has detailed information both in Japanese and English on each character as well as from the Voice Actors perspective and what they were looking for. There are a few artworks focused on the backgrounds and scenes in the back as well. This is a good size book with great detailed information. It also has information on the other games tied to it like Crisis Core or Before Crisis. This is just an overall amazing book and especially worth it for Final Fantasy lovers. . . especially those of the Final Fantasy VII Series.
