Geek's Review is Weak

By Sancho Claus

I thought this book was OK. It was an easy read and pretty much factual. I ran the streets so I know many of the people and events mentioned in it. I doubt many Cops or Correctional Officers are aware of a lot of this stuff. Sometimes even the YGs don't know. Maybe Mobile Video Geek was hoping for a more Quentin Tarantino-esque blood and guts story? He obviously never lived the gang lifestyle and like his user name is just a Geek!

As a gang detective in King County, WA, ...

By GABRIEL MORRIS

As a gang detective in King County, WA, I have attended numerous training courses dealing with gang history; however, none of them presented anywhere near the amount of information contained in this book. It is particularly handy as a reference when looking to refresh your memory on the history of a particular gang.
