GODLESS AND FREE BY PAT CONDELL PDF

For too long religion has enjoyed the benefit of the doubt, taking all the benefit and allowing none of the doubt. With the rise of Islam and political correctness, the threat it now poses to our basic freedoms is beyond a joke. Award-winning comedian Pat Condell gets serious and gives religion the kicking it deserves in his popular and controversial video monologues, sixty of which are collected here for the first time, including Welcome to Saudi Britain, Free Speech Is Sacred and Wake Up, America.

Brilliant! A must read for all freethinkers!

By Greg1979

Mr. Condell, he of internet Youtube fame, has managed to write one of the best refutations of organized religion and theistic ideology this side of Bertrand Russell. Using concise logic, wit, and basic common sense, the author systematically shreds the idiocy that is organized religion and the sham that is the big three monotheistic faiths. Further, Mr. Condell illustrates the dangers imposed by the moral nonsense of such religious beliefs; from the christian fundies trying to impose their twisted morality on political discourse to the Muslims who would seek to use their religion to endorse violence against "infidels". This no-holds-barred, politically incorrect approach to the freethinker movement is a refreshing change of scenery from the typical pseudo-intellectual approach of some freethinkers (who shall remain nameless) who would seek to understand religion rather than rightly condemn it. A noble effort and a job well done, Mr. Condell!

Intelligent Articulation of Opposing Viewpoint

By J. Moore

As I write this, I must state that I come from a different viewpoint and background than Pat Condell does. I am a pastor's son from the USA. However, I find that looking into the insights of those who believe differently than me can make me grow. And I must say that Condell has made me think.

I have watched the videos on YouTube now for a while, and while I do not agree on perhaps half of his opinions, I can see where he is coming from, and it has broadened my worldview. The reason I gave one star off on this was because I found Condell's tone too hostile at times, but I would assume that this tone is to be expected when one is discussing the subjects that Condell discusses. Overall, the work is extensive philosophical and socio-economic thought given in a sometimes amusing, always accesible manner.

As a closing, I would recommend this book, as well as Condell's YouTube videos, for the sole purpose of learning a view that may or may not be the same as yours.

GODLESS IS EXTREMELY ON-TASK and FUN

By Hawaii Rain

Excellent work. This guy tells it like it is, no holds barred. I love this hilarious look at religion. It is a real favorite. You have to love this cynic.
