Grenada to the Virgin Islands has been translated from French to English for the first time. This latest edition contains expanded sections on tourism and cruising with particular attention being paid to listings of places to see and visit as well as facilities ashore for cruising yachts and those chartering. Many color aerial and land photos and sketch charts. Grenada to the Virgin Islands is a unique cruise-planning reference as well as an easy-to-use cockpit handbook for cruising yachtsmen and charterers alike. It is illustrated with over 500 color photographs, many are aerial. There are 200 detailed harbour plans and charts which show depths, coral, buoyage, conspicuous features, transits, routes and detailed land topography.

Good overall guide

By Gil Anspacher

This is a good overall guide for a large area. Some areas seem to have good detail, while others may require a more detailed book. There is not much detail on sailing directions like in Street's guides.
