An excellent resource book that 'tells it like it is'.

By skiphill@vegasnet.net

A primary use guide for my research in the Kootaneys of British Columbia. Well written and most directions were precise. It was somewhat out of date, but hot springs change so frequently that the book was not at fault. Still, it gave good reviews and excellent photos. All the maps were well done and easy to read and interpret. A great guide book and the best I've seen for Canada.
