MUCHA (MEGA SQUARE) BY PATRICK BADE PDF

At the end of the 19th century, Alphonse Mucha created a sensation throughout the streets of Paris through his posters representing the French actress Sarah Bernhardt. It was an overnight sensation and announced the new artistic style and its creator to the citizens of Paris, Art Nouveau. This brought fame and reputation to the poster artist.

However, Mucha's talent was never confined to lithography. Shading the world with a colorful sensuality, Mucha's art expresses itself as much on the monumental decorative panels of a living room as on small delicate China pieces.

The author enables us to discover all the richness and variety of this fin-de-siècle artist.

More To Mucha than Posters

By Melinda Jensen

This is a great book with some wonderful drawings and great color photos. I visited the Mucha Museum in Prague recently and had to have a book of his life's work. It is a small book 6" x 7" and easy to leaf through. Very nice dust jacket with photo as well as the same photo on the hard covering.

High quality and beautiful book for any Mucha fan or lover of art!

By Happy Girl

BEAUTIFUL book! Arrived well packaged in a hard-sided book style shipping box. Got here on time and was in perfect condition. Gorgeous illustrations and the perfect size for a lovely coffee table or bedside book. There are LOTS of images of his finished works with a nice balance of text. This makes a great gift for any Mucha fan or general lover of art. I knew it would be smaller in size, but that was actually perfect for gifting because it doesn't take up a huge amount of room, yet the square shape and hardcover still makes it feel weighty and very high quality. Special little book! Highly recommended. :)

Beautiful book

By Martin P

I love Mucha's work. I love the swishing lines and the muted colors and the way his lithographs just ooze Paris chic. Although I own a couple of Art Nouveau books I decided to grab myself a book about the movement's founder (and master), and couldn't be more glad I did!

Small and compact, what the book lacks in size it more than makes up for in content. While containing brilliant examples of the posters that made him famous, it also features some of his lesser known works such as his drawings, living room panels and porcelain work. The writing is instructive and acts to enhance your appreciation of Mucha's work rather than getting in the way of the gorgeous color reproductions.

For lovers of Mucha's work or the Art Nouveau scene, or even for people intrigued by those typically Parisian posters, this book is a must!
