WONDERFUL!!!

By Richard D. Cappetto

It was 1974 and I was a back up Goaltender on a Midget A Team, I have really good reflexes and relied on those alone. I needed to learn allot. My coach give me this book On Goaltending by Jacque Plante. I learned so much that I added to my game, I was basically a Butterfly goaltender who stayed back in the net. I learned to incorporate the stand up style into my game and sort of formed a hybrid style between the two styles. I learned about cutting down the angels, stick handling, checking, getting on the puck, cutting off pass, poke checking and much more. My game improved rapidly. I ended up being a starting goaltender and even won championships. I owe allot to Plante and I am grateful. So when I saw this book again I had to have another copy. I gave my copy away years ago.

Old School

By Keith

This is a book that all Coaches should use to teach young Goalies how to use the stand-up style first and let them adapt to the Butterfly style as their Game improves. There are many tools in this book that even todays Goalies can benifit from, the young and seasoned alike. Jacques Plante was not only a student of the game through out his career but an innovator and the architect of a superior style of play.
