PRETRIAL 7E BY THOMAS A. MAUET PDF

With its precise and succinct methodology, Mauet's text has earned widespread popularity and use, edition after edition.

The Seventh Edition continues to build on the strengths that have made Pretrial a classic:

- **highly distinguished authorship**—featuring recognized leading trial expert and renowned legal education author Thomas A. Mauet
- **a clear, concise, and well-organized presentation of pretrial preparation techniques**
- **a systematic approach** that organizes pretrial planning and preparation into a series of distinct steps that students can readily master
- **sample litigation files from a hypothetical case** that constitute **examples of documentation** and paperwork **at every stage** of the civil case
- **additional litigation files on an included CD-ROM**, with both plaintiff's and defendant's files for six different civil cases
- **citations to commonly used treatises**

Featured in the Seventh Edition:

- **the electronic discovery rules changes**, which became effective with the 12/1/06 adoption of the amended Federal Rules of Civil Procedure, and their **effects on the pretrial process in general and the discovery process in particular**
- the Supreme Court's decision in **Bell Atlantic v. Twombly** and its **effects on how complaints are drafted**
- the **Class Action Fairness Act** and how it **changes the basis for removing class actions to federal court**
- the most recent **statutory changes and cases on the tax consequences of personal injury settlements**
- **additional statutory changes and Supreme Court decisions since 2004**

Show your students how to prepare for and conduct civil litigation effectively, with Thomas Mauet's highly regarded **Pretrial**—now in its **Seventh Edition**.

Don't Fail to Read This Book

By A Reacher Fan

This book is a perfect companion book to a trial advocacy textbook. The book takes the student/lawyer from the beginning of a case through the moment just before trial. There is a lot of material to cover and Mauet does so very effectively. As an aside, I am amazed by how clear his table of contents reads. The table does not just contain subject headings but is an excellent outline for anyone to refer to in their practice.

Mauet provides not only a wonderful overview of all the things a lawyer needs to consider in litigating a case but also provides practical tips such as how to conduct discovery on a limited budget. If you are a young lawyer, Mauet answers questions you may be afraid to ask such as "How do I start the deposition?" Believe it or not, something so basic is not covered in law school, but Mauet provides the answers here.

Excellent Resource

By Paul M. Shipp

Comprehensive resource for a student, young attorney or anyone just getting started in civil practice. Provides a roadmap and numerous examples of how to conduct civil litigation from beginning to end.

Pretrial book

By stephany robinson

I had to learn how to represent myself in court and this book taught me how to organize my work, how to do my legal research as well as how to construct some motions. I found this book very helpful.
