SATAN'S DAUGHTER THE TRUE STORY OF NATASHA CORNETT BY TRISH SAMUELSON PDF

"I hate, therefore I am," - Natasha Cornett

Natasha Cornett grew up in a poor rural area in Kentucky, raised by a single mother. Diagnosed with bipolar disorder, she began demonstrating anti-social behavior and dropped out of school in the ninth grade. Charismatic and well-spoken, the Goth-inspired Cornett assembled a gang of like-minded outcasts to

Almost like a wikipedia article

By Ilari Ritakallio

This was very short. Almost like a wikipedia article. It missed many details, which are available online on other sources. There's hardly any commitment to the subject...

I grew up in Pikeville, and remember this well!

By Kentucky Momma

I live in Pike County, Kentucky. The same town these kids are from. I was born, raised and still reside in this God fearing coal town. I am the same age as Natasha. I remember vividly when it happened and how it affected our small town. I remember seeing the pictures of the hotel room they partied in that night and later in life, as an adult I worked with a girl that was at that "blood drinking" party, (she also appears in the documentary on Netflix). I asked her was there "devil worship" or satanic seances and most of what is widely believed to have fueled these murders. Her answer to me, simply put was no. No they did not worship the devil, no they didn't do seances and try to raise the dead or whatever. These kids were all just basically lost, abused, mistreated, and so on..tortured by themselves. They did suck on each others arms that night, "drinking" one anothers blood, or so I was told. She said that she knew not of any plan to go on a "killing spree". It was basically a few of the kids from the party that decided they were gonna take off and head to New Orleans, where they assumed they would "fit in". Eric Conn, Natasha's original attorney (who is now in a whole lotta hot water himself with the government), he seems to love the limelight! If there has ever been an "attention whore" it is Eric C. Conn! It was him that started the devil worship tall tale.

Now I don't claim to have knowledge of any facts. I did not know any of the convicted personally. I only know the rumors and what I have asked people and researched for myself. The author of this very short book seems to have the basics of the murders correct from what I can tell, but she definitely could have dug a bit deeper. I wish this book had been longer and more in depth. There is A LOT more to this story and if a book were to be written for real, I would hope for a little more investigating and interviews with people that

know the people that had their lives stolen by drug crazed teenagers and the people that have knowledge of them too. This "book" was more like a paper written for a college writing course, and was poorly done at that.

Interesting

By Clara Moran

Interesting story but very poorly written. I paid more attention to correcting grammar and sentence structure than to actual content.
