Very nice, and fun

By Groblek

I love this one. The interplay between the characters is great, and I particularly like that Milo is obviously enjoying the experience, despite all his protestations. I've never been a fan of the dark places giantess stories often go, so I'm very glad to find one that's just fun and sexy.

Rare theme, mediocre writing

By Daniel

The characters in this story were a bit shallow, but the shrinking theme is rare, and the action is hot, so I guess you really have to ask yourself how much a full-fledged story matters to you before you buy this book, or whether a rare theme with nicely written sexual content is more important.

Unfortunately I do which the story around the sex was a bit better, and thus it would have been given more stars. I'm left feeling I'm missing context, but I still enjoyed the read.

Fun read.

By Brad Renzi

This story was fun and breezy. I wish it spent more time with the shrinking and bedroom antics. And also the height and size comparisons. But, it was a quick fun read and I was entertained. A sequel wouldn't be out of line picking off where this one left off.
