A thinking artist's calendar!

By Mid-Centurian

Everything by Austin Kleon is approved by me! What a wonderful thinker, writer and artist this man is. His work is simplicity itself which is amazing coming from his complex mind. In fact, the simplicity of the work on this calendar causes us to stretch ourselves and think not only outside the box but how to create a whole new box! And be true to ourselves and be part of the world at the same time.

For the thinker

By Catie

I love it, and all those visuals within. My only qualm is with the colour scheme, especially when it comes to the text (I wish it existed in an all-black version, or one with Serif fonts), but that's probably not going to happen. Otherwise, very good design and blends in with a lot of different backgrounds! Perfect for the student/introvert/thinker desk space.
