Classic Tale!!!

By Miss Howe

I read this to my little boy before the first day of preschool. We read several books about starting school because he was a little nervous about starting school. Of all the books we read about starting school, The Berenstain Bears Go to School was his favorite. My son just loves the Berenstain Bears. I love them too because they teach children valuable life lessons. The Berenstain Bear Books teach children how to grow-up and be respectful, responsible adults. Obviously parenting is a difficult, yet rewarding task. A book won't solely do the job of ensuring your child grows-up right, but it's safe to say that The Berenstain Bear Books may very well indeed help place them on the right track.

Little extras in this book make it a nice gift

By kiki

Not the absolute best of the Berenstain lessons but nonetheless a good one. I give it additional stars for the extras... a matching game, etc. It makes for a nice gift this way and was at an excellent price. Kids going off to Kindergarten or even Preschool might enjoy this tale about the whole process. Brother and Sister are tried and true reliable vehicles for lessons and my son loves them. Classics!

A nice story - but daughter prefers her other BB classics

By Juliet A. Stillman

My daughter LOVES the Berenstain Bears, so when she was starting Pre-K (in a full day program) and feeling quite nervous, I thought this would be a really great way to help make her feel more comfortable. The book is nice, but she doesn't enjoy the story nearly as much as her other classic BB books. The added extras (tattoos, matching game) in the book are fine - nothing really spectacular.
