THE BREAKUP BOOK: A GIRL'S GUIDE TO PUTTING THE PIECES BACK TOGETHER (TEENS & YOUNG ADULTS) BY DIANE MASTROMARINO PDF

THE SCENARIO: We will call them Boy and Girl, because the pain, the heartache, the insanity, and the ultimate survival (believe it or not) ARE universal.

Boy breaks up with Girl. Girl is very sad. Boy is sad that Girl is sad, but not that sad. Girl contemplates hibernation, the possible move to another country, pitching a tent outside his house, and calling his mother to have her intervene. In the mass of this confusion, somewhere in between the words "It's not you, it's me..." and "I'd really like to still be friends...", all the options seem sane to Girl. To Boy... not so much.

THE SOLUTION: Girl's life has changed drastically. She has taken on the role of a single female, and though this idea seems frightening at first, with the help of THE BREAKUP BOOK, Girl will soon be on her way to a new beginning.

This book offers the reassurance of an old friend, the consolation of a bowl of chocolate fudge swirl, and the comfort of flannel pajamas, all in one package. From the very first moments of shock to the final stages of acceptance, Girl will experience the advice and guidance needed to get on with her life. And in the end, Girl will find herself single and loving it -- a lone goddess in complete control of her kingdom. She will have no one to thank but Boy for breaking her heart and giving her the chance to put the pieces back together... better than before.

A big help.

By A Customer

My mom gave me this book after I broke up with my boyfriend. At first I didn't want to read it -- I didn't feel like taking any advice at the time -- but she kept asking me if I'd liked it. I finally read it and am so glad I did! It got me laughing again and looking past all that I was going through. The author is really funny, and

you can tell she is giving advice from her heart, which is so helpful when you need someone to relate to. I'd recommend this book to anyone who needs to get back on track after a breakup.

Great book

By A Customer

This is the second book that I have read by Diane Mastromarino and she is a wonderful author for teenage girls. I run a girls group in NY and this book offers great advice and funny anecdotes to teenagers who are going through a breakup. It is very helpful for teenagers to be able to relate to each other and this book shows them that they are in good company of many other girls that have gone through breakups. I recommend this book to all teenage girls, parents, or helping professionals that work with teenage girls.

i am in high school. when my boyfriend of three years broke up with me a few months ago i was devastated. i thought my world was over. i felt like a part of me was empty and dead. my mom bought me this book (and a lot of ice cream)...and somehow now i feel better. everyone kept giving me advice, but it wasn't working. the fact that there is a book out there like this is wonderful. it really helped me a lot. things like this take a while and i am not completely over it, but soon i will be.
