This book is unbelievably well written, nonstop action suspenseful and thought provoking. I started reading and found it extremely hard to close the book even when it was past my bedtime. I really enjoyed the different characters in the book and how each character made this book a cliffhanger. Like all his other books, James Hadley Chase delivered a complex plot but easy to follow without getting lost in the shuffle of characters. I will probably pick this book up again may be in another twenty years and read all over again, God willing. Thanks Amazon for the incredible price of this book. At this price I have been able to buy several books in the past few months. Please take the time to read this book you will not be bored or disappointed.
