I love stories of triumph and I love to see the ...

By Kurt A Schneid

I love stories of triumph and I love to see the good guys win. This book chronicles the journey of a successful entrepreneur BUT, it also outlines the steps for success that can be replicated by all who are seeking the process of success. The struggles are universal. We can all relate to. It is an easy read. I finished it in two days in my spare time, but keep referring back to it as I implement the steps in the process. Practical and Relevant I recommend this book for all small business owners or students.

I got to meet Dr. Corey and he has a genuine love to care for all people.
