So far delicious

By Michael B from Rhode Island

Great purchase for my wife for Christmas! It's working out great as she has made three recipes in the first week! She did say the recipes are pretty complex, not 5 minute jobs like you see on the TV show. There are pictures of the contestants throughout the book but none of Ramsay, I can see they had license to use Hell's Kitchen but maybe not Ramsey's image?

Finally!

By Danielle N. Hart

I like the book quite a lot. I have not made any of the recipes, although several look good.

We are fans of the show more than of Gordon Ramsay's cooking, so this was exactly what we wanted -

recipes that were used on the show. It includes standards of the show menu (scallops, risotto, beef wellington) as well as recipes created by the contestants.

The book is nicely photographed and designed, definitely worth the price.

Great cookbook.

Fantastic!

I love it. Very basic instructions, how to set up kitchen, pantry, what equipment your kitchen should have. I am an experience cook I believe its a good teaching book. It helps to know how to cook but a beginner may have a hard time with the recipes at first but its a good teaching book. Just follow what he says.
